registered in the register of the European OCRA

We thank you first of all for the service you invariably lend along the competition routes organized by the over 40 ASD and SSD (Italian associations) affiliated and promoted by the Italian OCR Federation.

For 2021, **World OCR** and **OCR Europe**, the official bodies representing the OCR movement at European and international level, have entrusted the Italian OCR Federation with the task of organizing the fifth edition of the **OCR European Championships**.

The biggest European event for obstacle racing will be held, as you will know, in Val di Fiemme, at the **Tesero (TN) Cross-country Center, from Thursday 09 June to Sunday 12 June 2021**.

The program of the event will be structured as follows:

Thursday	09.06	Opening ceremony in Cavalese in the afternoon+Judges Briefing
Friday	10.06	Short Race (3km, 20+ obstacles) + qualifications 100mt
Saturday	11.06	Standard Race (15km, 50+ obstacles) + qualifications 100mt
Sunday	12.06	Team Race (9km, 25+ obstacles) + Open Race (8km, 25+ obstacles) +100m finals + Closing Ceremony

As judges, we will have the important task of ensuring that athletes correctly complete approximately 60 multi-lane obstacles that will be present in the various distances. We will also be required to monitor the safety of both the obstacles and the competing athletes.

To reward your willingness to carry out this important task, we are excited to offer you the following package of benefits:

- a ticket for the Open Race
- an official European Championship jersey
- a lunch basket (water, fruit, sandwich), provided by the hotel in case of overnight stay

Those who can make themselves available for two or three days of the competition will have the opportunity **to stay for free** in full board accommodation in the area on the nights between shifts. Any overnight stays will be managed directly by FIOCR. We therefore ask you to respond to confirm which days you would be available.

Below you can find the indicative outline of the marshal package that will be available. Should you be available on all 3 days plus Thursday 09 June for the judges briefing, an additional nights overnight stay will be provided.
